To Whom It May Concern:

I am writing to inform you of the performance of Guardforce Security Services Limited, whom provided Tube Lines with security services for the Northern Line Minor Closures Project. The project consisted of some 16 continuous weekends of tube station closures which involved 1200 operatives over each weekend.

The programme of works deemed necessary for us to work in areas that are notorious for being dangerous. The gangs, robberies, heavy drug users and drunks engaging in street brawling are but a few of the hazardous of these areas.

Before we employed Guardforce we had a number of incidents where our operatives were engaged by the locals and this resulted in a street fight in one incident.

Since we have employed Guardforce we have had no incidents. This is a fantastic improvement and is attributed to the professionalism, high visibility and visible authority of the Guardforce officers.

Additionally, the Guardforce administration is professional and responsive and I would like to take this opportunity to thank Mick Iqbal for his hard work and professionalism.

we would not hesitate to work with the Guardforce team again.

Yours sincerely

Leroy Gillett
Project Manager

10 August 2006

Dear Ted

With reference to the recent security incident at the National Grid Cambridge Compressor Station, which occurred during the evening of Friday 04 August 2006.

I wish to formally convey appreciation and thanks on behalf of National Grid for the short notice and speedy response extended to our situation by your company, Guardforce, in order to effect and establish a return to acceptable security arrangements for the site as quickly as possible.

The response and support provided by Guardforce to the National Grid Technicians and Engineers dealing with the handling of the incident, during what was out of normal office hours, only further demonstrates your impressive response.

Within 4 hours of the initial request for assistance from Guardforce, your security operatives were attending site to undergo site induction and provide security cover to the satisfaction of the National Grid Duty Engineer.

Would you please pass on my personal thanks to all Guardforce staff involved in the co-ordination and response to the incident.

Yours Sincerely,

Adrian Chapman
Area Transmission Manager, East

TO WHOM IT MAY CONCERN

ART Management Services act as Managing Agents for various private clients and we have two contracts with Guardforce Security Services Ltd., one being on behalf of a client at the Hoover Building on Western Avenue, London, and the other at a large warehouse in Bletchley, Milton Keynes.

We have been very pleased with the service provided by Guardforce, and not least over the Christmas period last year when we had major problems on one of the sites, and we found that Guardforce management handled the whole situation extremely professionally and with a level of duty of care which was over and above what one would normally expect from a security company.

We would have no hesitation in recommending Guardforce Security Services.

To Whom it May Concern

I have known Mr M Iqbal for the past five years.

Since joining the University of Luton I have employed Guardforce in the Learning Resources Centre. I have always found the service to be of the highest quality. The guards are always of smart appearance, their time keeping is good and are well trained by an efficient management.

I would highly recommend Guardforce as a Security Company.

Yours sincerely

To Whom It May Concern

Guardforce Security have been under contract with the Town Council since April 1994, initially undertaking locking up duties at the Council's Recreation Grounds and Dunstable Cemetery. Since that time, and following spates of vandalism, the Company has also provided additional security patrols at certain sites which the Council consider has assisted in reducing the level of vandalism at particular problem areas. These additional patrols continue and the Company's staff have always acted in the best interests of the Council when finding anything untoward.

It is considered that the contract is being undertaken in a very professional manner and to the Council's complete satisfaction.

Dear Andrew

THE LODGE

The above mentioned children's home is due to open on Monday 29th July 1996 and will then be open 24 hours per day. I would, therefore, request that your last shift finishes on Monday 29th July 1996 at 7.00am.

I would like to thank you for the efficient way in which your guards have carried out their task and hope to be in contact with you again in the near future.

Yours sincerely
